Feed Energy Company's Cal Halstead Elected to Leadership Position at Iowa Turkey Federation

Des Moines, IA – January, 2009 – Feed Energy has announced that Cal Halstead, Director of Sales and Support Services, has been elected Vice President of the Iowa Turkey Federation for 2009. This election for Vice President has historically been structured to place the next leader on the ladder to the President's position.

"Cal has been dedicated to the turkey industry for over 20 years," states Bob Riley, Feed Energy President and CEO. "Cal is starting his second four-year term on the ITF Board in addition to his other activities such as involvement with the ITF booth at the Iowa State Fair. This commitment and high level of participation have really prepared him to become more actively involved in the ITF leadership. We are very proud of his accomplishments and will continue to support Cal's and other employees' involvement in the industries we serve."

The Iowa Turkey Federation represents, supports, and promotes the turkey industry and its members

Feed Energy Company is an agribusiness firm primarily engaged in processing soybean oil co-products focused in feed, agronomy, dust control, fuel, and industrial and fertilizer applications. The company is one of the largest acidulators of soybean soap stock in North America. The company headquarters and original production facility have been in Des Moines, Iowa for more than 30 years, with additional Iowa production facilities in Sioux City and Pacific Junction.
